

**INTER-DISCIPLINARY MARITIME PRACTICE WORKSHOP SERIES II**  
**Sixth (6th) SESSION ON THURSDAY 20<sup>th</sup> April 2017**

**SPECIAL NOTICE**

We regret to advise that we have received a notice from Capt. Richard Gains and Mr. Matthew Fenton of Brookes Bell, Guest Moderators for the **Sixth** Session of the **IMP Workshop Series II** on the topic of **PROJECT APPRAISAL & TOWAGE APPROVAL**, that due to their firm being engaged in an urgent and major casualty, they will not be able to present at the 6<sup>th</sup> Session as intended.

As a consequence and after due deliberation, the Panel of Moderators & Advisors have decided to defer the topic originally earmarked for the 6<sup>th</sup> Session to a later date and substitute it with the topic **SHIPBUILDING and SALE & PURCHASE**.

Shipbuilding will have a brief introduction of shipbuilding technique changes due to technical advances, the conditions precedent for a shipbuilding project, and examination of the standard shipbuilding contract and interdisciplinary effects of its clauses or provisions in law, finance etc, including Builder's Risks Insurance.

The Sale & Purchase will look at the standard Memorandum of Agreement (MOA) and practical applications and effects of the various clauses and provisions contained therein.

Moderators for this 6th Session will now consist of Mr. Raymond Wong, Mr. Jagmeet Makkar and Mr. Wong Cho Hor
